

FOR IMMEDIATE RELEASE

TWEF EAGLE SCHOLAR EXCELS DURING FIRST YEAR OF COLLEGE

TWEF, a 501 (c)(3) non-profit is proud to announce that Dontreal Richardson is continuing his education after being awarded a **TWEF/HEB Scholarship** this past June. Dontreal, a graduate of Spring Westfield High School was elated and surprised after receiving his **BIG CHECK** during the TWEF Men's Champions of Covid Appreciation Brunch held at the beautiful Houstonian Hotel in June of last year.

Dontreal started in the fall of 2021 at Abilene Christian University with a major in Kinesiology.

While being away from home for the first time has had its challenges, worrying about how his family was going to pay tuition wasn't one of them. **"Because of this HEB/TWEF financial scholarship and other financial support, my parents were able to send me to school and not think about how they were going to fund it. And because this is a 4-year scholarship, it means I will graduate debt-free. That is an amazing start in life for someone like me"**

The scholarship was sponsored by our partners at HEB. **"Without HEB's support, this would not have happened for Dontreal. He has been in the TWEF program for years. He started out at Sweetwater Farms with Farmer Chaz, planting and growing vegetables. He learned patience and how to be a nurturer. Dontreal is a great example of when you pour into children they grow in their strength and confidence."** says Deavra Daughtry, TWEF Founder.

Dontreal loves football and it's one of the reasons he's studying kinesiology so he can one day become a head football coach. But for now, he will keep pursuing his studies at Abilene Christian University and continue to make the TWEF organization and his local community proud.

ABOUT TWEF

TWEF is a non-profit organization geared towards helping families, from all walks of life; reach their fullest potential in the areas of business, education, finances, and socio-economic status. The focus of programming is therefore on the whole family; men, women, the elderly and youth. The Foundation works to achieve these goals by sponsoring successful programs aimed at helping families achieve and maintain a sense of empowerment that manifests itself through life performance.
